## DISCOGRAPHY 1972-2019

24.01.2019

This Sting discography has only official released tracks listed, consisting of: albums, compilations, guest appearances, singles, promo releases, soundtracks, video recordings, remixes and official live videos from [Sting.com](http://Sting.com)

However demo recordings have been added, to show the development of a track.

Tracks are listed at the year they were recorded, so tracks released in 2005 but recorded in 1995 will be listed under the recording year: 1995.

Some tracks are listed with a .txt file format and a track time 0 kb. This is just to show that the specific track exists, but I don't have it.

The length of each track is in megabytes, so if a track is listed as 81.191.084 it runs for 8 minutes, if it's listed with a track time: 133.022.108 it runs for approx.: 13 minutes.

Where tracks are listed with a [Vinyl] it's because the track only were released on vinyl. I tried to locate all cd's (digital) recordings to get the best possible sound.

Also some albums and tracks are marked with a [Digitally Remastered] but only where it's possible.

This list is the most complete where Sting appears, recordings from 1972 till today. Recordings from The Police is not on this list, please see [The Police Discography](#).

The list has been generated over several years of collecting, and from the help of sites: [stingoop.com](http://stingoop.com) and [listing-fansite.com](http://listing-fansite.com) and [stingme.dk](http://stingme.dk)

Let me know if you have recordings not listed here, send an email to: [prone600@gmail.com](mailto:prone600@gmail.com) or if you have any comment or corrections!

Total of:1631 tracks listed - taking up space: 71,9 GB.
