

The Police Discography: 1977-2008

This list has only official released Police tracks listed, consisting of: albums, compilations, guest appearances, singles, promo releases, soundtracks, video recordings, and remixes.

However demo recordings have been added, to show the development of a track.

Tracks are listed at the year they were recorded, so tracks released in 2005 but recorded in 1995 will be listed under the recording year: 1995.

Some tracks are listed with a .txt file format and a track time 0 kb. This is just to show that the specific track exists, but I don't have it.

The length of each track is in Megabytes, so if a track is listed as 81.191.084 it's around for 8 minutes, 133.022.108 mb is approx.: 13 minutes.

Where tracks are listed with a [Vinyl] it's because the source only were released on vinyl.

I tried to locate all cds (digital) recordings to get the best possible sound.

Also some albums and tracks are marked with a [Digitally Remastered] but only where it's possible.

This list is not complete in any way, just a hint of what The Police has recorded from 1977 till now. Recordings from Sting is not on this list, please see the Sting Discography.

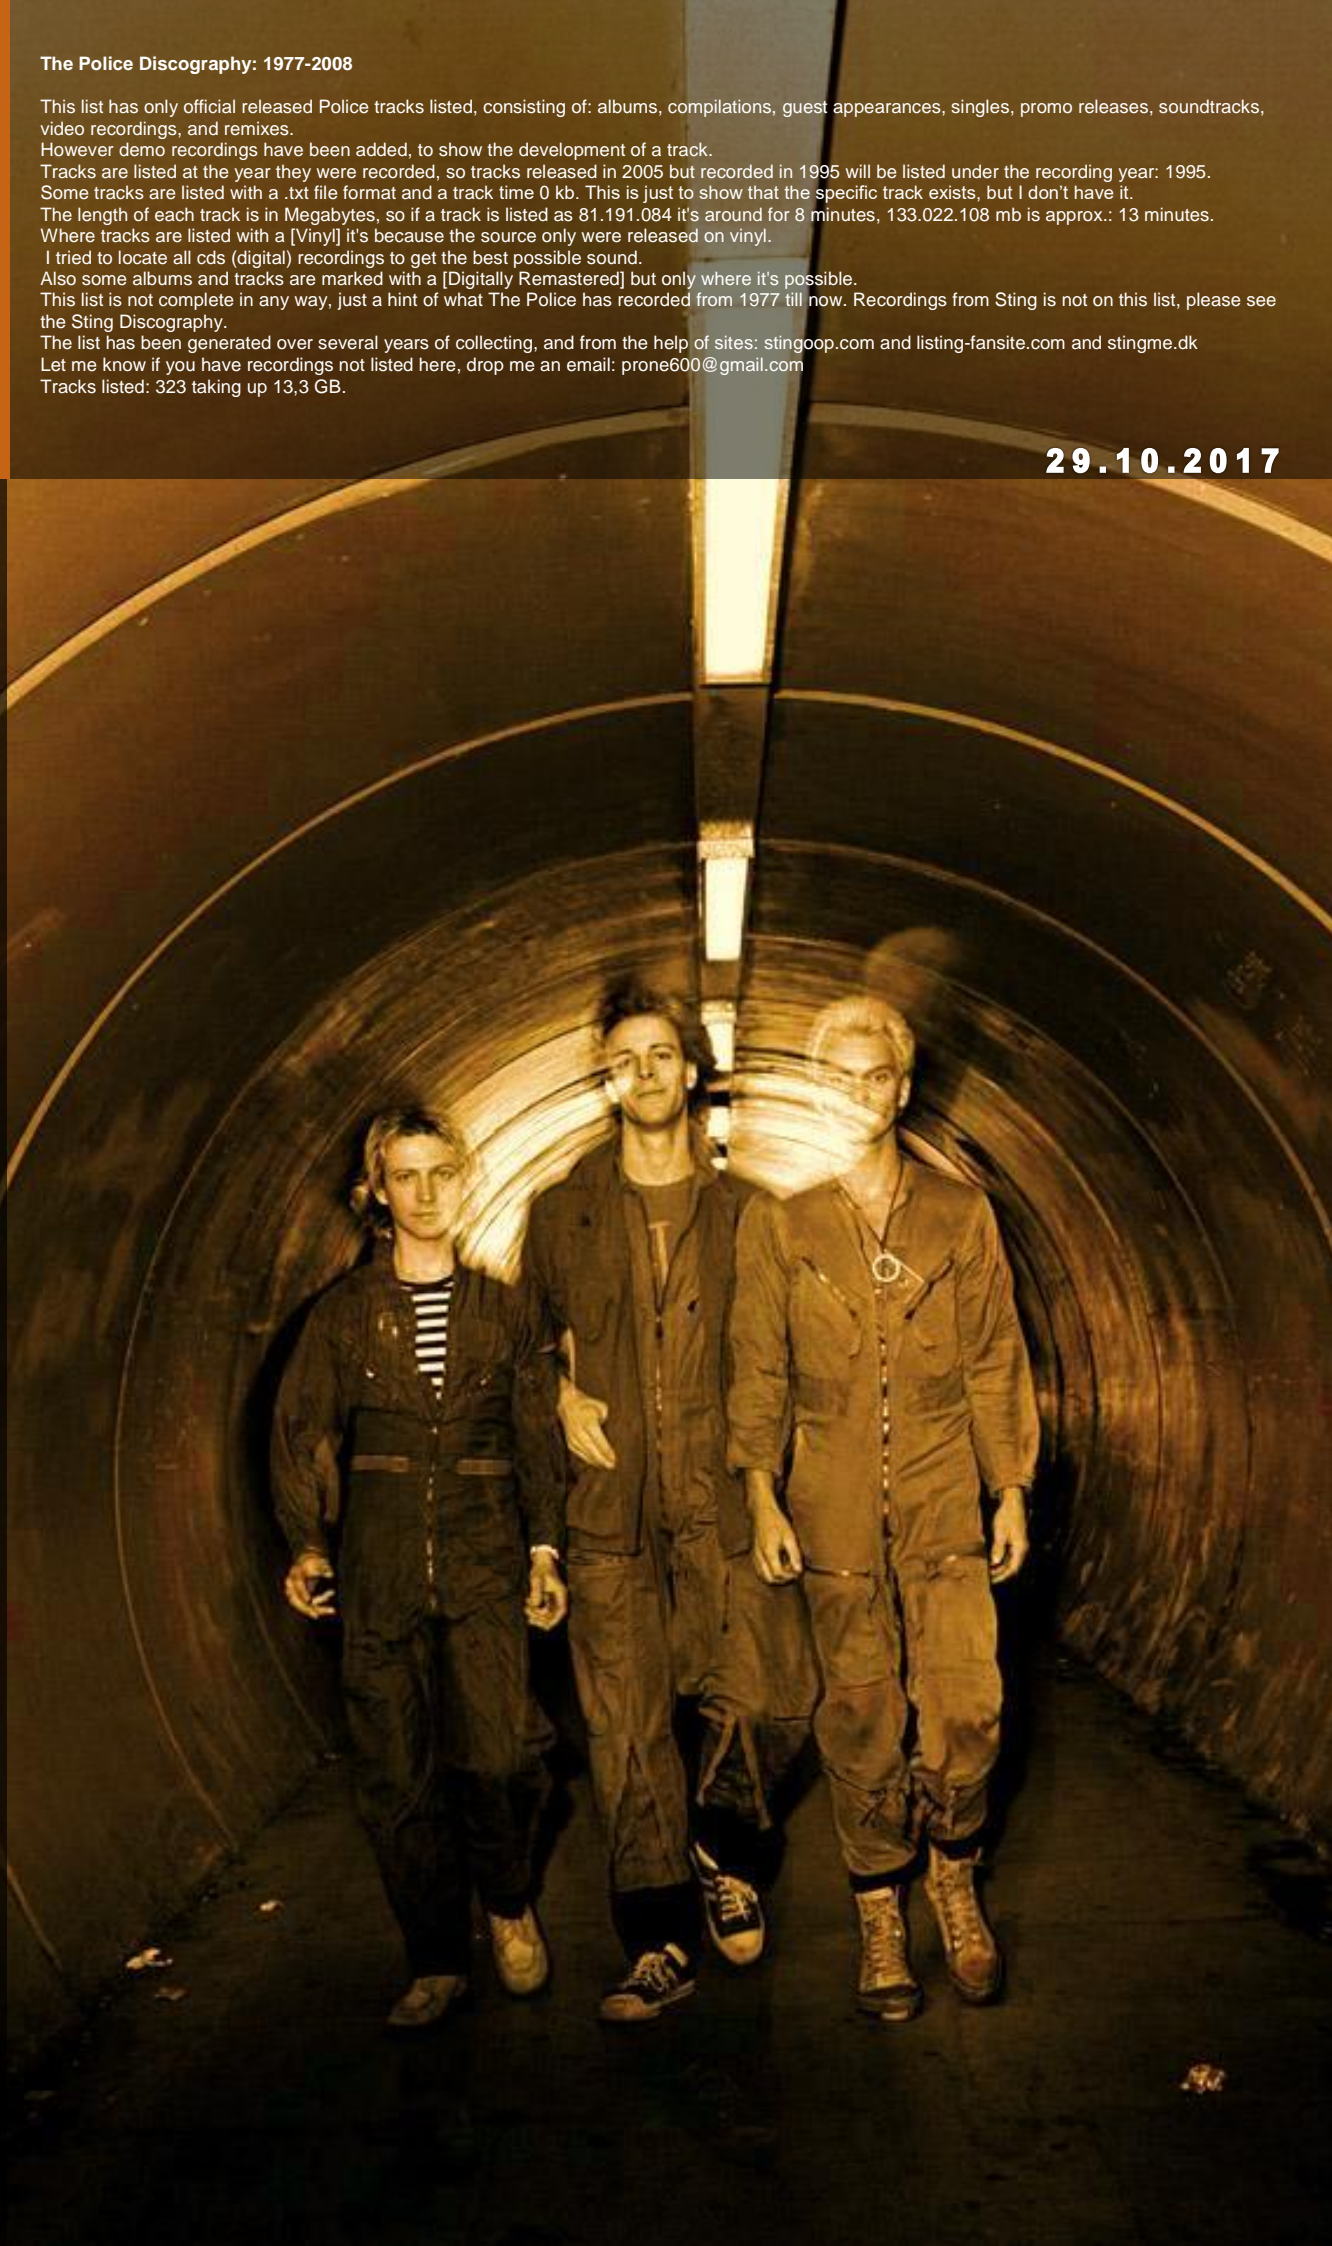

The list has been generated over several years of collecting, and from the help of sites: stingoop.com and listing-fansite.com and stingme.dk

Let me know if you have recordings not listed here, drop me an email: prone600@gmail.com

Tracks listed: 323 taking up 13,3 GB.
